To Whom It May Concern;

Over the past two years several Edmonton Public Schools have had the opportunity to partner with the Artist Response Team (ART), the Alberta Beverage Container Recycling Corporation and the University of Alberta in providing the Voices of Nature school music program.

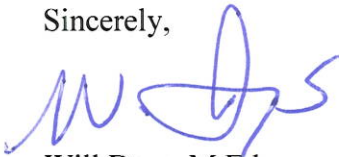

Voices of Nature has given participating students wonderful performance opportunities, excellent curricular resources to our teachers, and lifetime memories for families attending the concerts. In the process, environmental education has occurred for everyone involved.

Thanks to corporate program sponsors, the cost to schools has been kept minimal; they have only had to provide transportation to dress rehearsals.

I have no hesitation in recommending Voices of Nature as a positive educational experience for students and school communities. It is a learning activity that brings schools and families together in celebrating nature and positive environmental action.

Please feel free to contact me at 780-429-8513 if you would like more information.

Sincerely,

Will Deys, M.Ed  
Principal, Energy and Environmental Management
