### **CHORUS**

**In the watershed rain comes down into the river, into the sea**

**And we hope from our elders a healthy world for us to keep**

**Oh – oh – oh – oh      oh oh oh oh      oh**

**Oh – oh – oh – oh      oh oh oh oh      oh**

Habitat - **Habitat**

Conservation - **Conservation**

Climate change - **Climate change**

Revelation - **Revelation**

Conscious - **Conscious**

Destination - **Destination**

**That's the only way**

### **REPEAT CHORUS**

This watershed is changing; some things will never be the same

Winning too slowly is the same as losing when it comes to climate change

Ocean - **Ocean**

Devastation - **Devastation**

Are we seeing - **Are we seeing**

Adaptation - **Adaptation**

One Earth - **One Earth**

One nation - **One nation**

**That's the only way**

### **REPEAT CHORUS**

Salmon run up the Fraser to the Nechako and Quesnel

The Tsihlquo'tin is full to bursting, and the Seton is running well

The Brunette and Silverdale Wetlands welcome their children home

**B: The water's warming, this is a warning**

**Sons and daughters, listen to Mother Earth**

### **REPEAT CHORUS**

**The water's warming, this is a warning**

**Sons and daughters, listen to Mother Earth**
